Subject: Repairing of Road: Kanjur Marg Railway station (W) to Huma Mall Traffic Signal Post.

Dear Sir,

This is to again inform you that, the approach road from Huma Mall signal post to Kanjur Marg Railway station and our colony is in a very pathetic state ridden with potholes and drainage issues.

Regular clogging of pipelines, the sewerage discharges itself to the BMC storm water drains leading to water logging in the entire area, especially during monsoon every year. The present situation is like people cannot walk properly due to drain water seepage on the entire stretch leading to slippery roads.

BMC is aware of these issues since every year for the past decade BMC itself issues precautionary notices to our colony to take all necessary steps to prevent water logging on the roads surrounding our colony compound during the monsoon season. Repairing the road is of paramount importance.

Moreover, due to poor road condition there is haphazard parking and travel movement of auto rickshaws only creating nuisance by blocking the small lane for ambulances to easily travel especially during medical emergencies.

In addition, we also find regular quarrelling and nuisances created by drunken people on the BMC road near Kanjur Marg (W) entry gate steps at Platform No 1 just opposite to our colony gate.

We request you to kindly investigate on the above matters, resolve and rectify the situation at the earliest and oblige. ***Our sincere request to you is to handover the entire stretch as mentioned above officially to BMC for carrying out the road repairs immediately.***

Thanking you,

Yours truly,
